

From a formal viewpoint, Ramón Benedito has made the very most of this collection he offers us. He conserves the classical structures of the different elements in the bathroom but with a new perspective. The pieces are compact with forms that seek the essential. Their simplicity creates an uncluttered space that is committed to bathroom spaciousness as the basis of its character and functionality.

Designed by  
**Ramon Benedito**

A Barcelona industrial designer with a world-wide reputation – and a worldwide prize-winner. Over the 20 years he has worked with Roca he has employed a design criteria that can be summed up in a single sentence: rigour as a method.
